

JAN WACHTER

Jan Wachter, Senior Healthcare Recruiter at MSI Consulting, specializes in placing Physician Assistants, Nurse Practitioners and CRNAs on a national basis.

In both corporate and staffing firm environments, Jan has focused on sourcing the difficult-to-find candidates. With a master's degree education from Georgia State University, she now has over 10 years of recruiting experience. Jan has also earned the designation of Certified Personnel Consultant (C.P.C.) from the National Association of Personnel Services. This certification signifies a knowledge base of employment law, best business practices, and high ethical standards.

"Getting to know the client's environment and the candidate's personality well provides the best opportunity for making a workable match," she said. "My strength is listening closely and developing a strong rapport, and then wowing them with my consistent and timely follow through."

"I've got a lot going on and am the only one in my department," said Julie Wehr, HR director of Odessa Memorial Healthcare Center. "Jan is like an assistant to me. With her experience and connections, I can rely on her to provide me the best candidates and take care of all the details, from phone conferences to site visits. She's an excellent communicator and genuinely cares about our success."

"Unlike other recruiters I have worked with when I was job searching, Jan was very professional, honest and clearly experienced," said Becky Taylor, a pediatric nurse practitioner. "She was always available to answer my questions and, when she didn't know the answer, she'd research it and get right back to me. Jan was also an excellent liaison between me and the doctor. Working with her was a great experience."
