

SEAN RECORD

Sean Record is a Senior Healthcare Recruiter at MSI International. A recruiter since 1998, he specializes in placing directors and C-level professionals.

“Clients and candidates choose to work with me because I am a straight shooter and they know that I will do what is best for them, even if it is not in my own best interest,” he said. “I never force something that is not a good fit for both parties.”

“MSI’s Sean Record epitomizes integrity—in everything he says and does,” said Bobby Stearnes, director of patient access at CHRISTUS St. Michael Health System. “He’s great to work with, professional and easy going. When he was helping me find a new position, he even steered me away from some opportunities because he knew it wouldn’t be a good fit. I now work for the #1 large hospital in America, according to *Modern Healthcare* magazine. I’m always recommending Sean to others.”

“Finding the right fit for a leadership position, executive, director or manager is tough enough on your own. That is why I have chosen to partner with Sean Record for these important placement searches,” said Terry Amstutz, CEO of Medical Park Hospital. “Sean not only finds candidates qualified in terms of skill set, but seeks to find the right mix of experience, attitude and savvy that makes the final selection the right person for the culture and individual who ratchets up the team synergy. If you want the person who can help take your organization to the next level, call Sean.”

MSI International
